

MASTEEL AMERICA CORPORATION

offers compact 'n speedy vertical machining centres by

X-axis travel / rapid traverse: 800mm / 48m per minute
Y-axis travel / rapid traverse: 460mm / 48m per minute
Z-axis travel / rapid traverse: 510mm / 36m per minute
spindle nose to table top: from 100 to 610mm
table size / load capacity: 860 x 450mm / 450kg
maximum spindle speed: 12000 rpm
maximum tool diameter / length / weight: 150mm / 300mm / 7kg
machine width x depth: 2000 x 2117mm

machining centres

all Leadwell vertical

LEADWELL

X-axis travel / rapid traverse: 800mm / 48m per minute
Y-axis travel / rapid traverse: 520mm / 48m per minute
Z-axis travel / rapid traverse: 610mm / 36m per minute
spindle nose to table top: from 100 to 710mm
table size / load capacity: 890 x 500mm / 800kg
maximum spindle speed: 12000 rpm
maximum tool diameter / length / weight: 150mm / 300mm / 7kg
machine width x depth: 2200 x 2560mm

standard equipment includes:

- through-spindle coolant
- internal chip augers
- front or rear belt type chip conveyor
- a chip cart
